

Софийски Университет "Св. Климент Охридски"

**Магистърска програма
"Разпределени системи и
мобилни технологии"**

Изборни курсове – зимен семестър 2011/2012 уч. г.

**Администриране на SQL сървър за бази данни
(Administering and Maintaining SQL Server 2008
Database) – (2 + 0 + 2 ч.)**

сряда, 17 – 21 ч.,

зала 120 на ФМИ

**M I C R O S O F T
C E R T I F I C A T E C O U R S E S**

MOC 6231 - 1950 EUR (5 дни)

Maintaining a Microsoft SQL Server 2008 Database

MOC 6232 - 1950 EUR (5 дни)

Implementing a Microsoft SQL Server 2008 Database

<http://it-training.netlogix.de/seminare/microsoft/sql-server-2008/uebersicht>

ОСНОВНИ ТЕМИ

1. Introduction to SQL Server 2008 R2 and its Toolset
2. Preparing, Installing and Configuring SQL Server 2008 R2
3. Working with databases and database files in SQL Server 2008 R2
4. SQL Server Recovery models, backup, restore of databases
5. Transferring data from and to SQL Server
6. Working with data types, designing and implementing tables and views
7. Planning SQL Server 2008 R2 indexing
8. Security in SQL Server 2008 R2
9. Auditing and tracing access in SQL Server environment
10. Automating SQL Server 2008 R2 Management
11. Database maintenance for SQL Server
12. Managing multiple SQL servers
13. Monitoring and troubleshooting SQL Server 2008 R2
